6E. Summary Budget

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC's final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

| Eligible Costs | Total Assistance Requested for 1 year Grant Term (Applicant) |

| 1a. Leased Units | \$0 |

The minimum required Total Match amount for the Grant Term is \$20,375.

In the **New** project application, the dollar amount that appears in Question 4 on screen 1G, comes from this field in the Summary Budget – “Total Assistance plus Admin Requested.”

NOTE: *In the Renewal Project Application, Screen 1G, question 4 is currently populating from the Summary Budget “Sub-total Costs Requested” which does not include the Admin amount. HUD is reviewing a possible correction in e-snaps to populate screen 1G, question 4 with the Summary Budget “Total Assistance plus Admin Requested” amount. At this time, there is no action to be taken by the project applicant. This situation does not affect the applicant’s ability to submit the project application to the CoC. The HUD-2880 does not affect scoring, as it falls under Section I.D.c. and d. of the Program NOFA which is the General Section language.*

Within the Project Applicant Profile,

- Select “Yes” if the combined total amount of all your agencies annual CoC Program project applications are more than \$200,000. If “Yes” is selected Part II and Part III of the form will appear and must be completed.
- Select “No” if the combined total amount of all your agencies annual CoC project applications are \$200,000 or less. If the answer is “No,” Part II and Part III of the form will not appear and the form can be submitted after the “I agree” checkbox is selected.

The form can then be submitted after the “I agree” checkbox is selected. This field will be read only within each project application.

Certification

The “I agree” certification will appear at the bottom of the screen within the Project Applicant Profile and within the HUD-2880 form of each project application. Project applicants must certify in both locations that the information provided is true and complete.

Part II. Other Government Assistance and Expected Sources and Uses of Funds.

A. Other Government Assistance. This Part is to be completed by both applicants and recipients for assistance. Project applicants and recipients must report any other government assistance involved in the project (grant).

"Other government assistance" is defined to include any loan, grant, guarantee, insurance, payment, rebate, subsidy, credit, tax benefit, or any other form of direct or indirect assistance from the Federal government (other than that requested from HUD in the CoC Program project application), a State, or a unit of general local government, or any agency or instrumentality thereof, that is, or is expected to be made, available with respect to the project (grant) for which the assistance is sought. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

B. Non-Government Assistance. Note that the applicant and recipient disclosure report must specify all expected sources and uses of funds—both from HUD and any other source—that have been or are to be, made available for the project (grant). Non-government sources of funds typically include (but are not limited to) foundations and private contributors.

The following information must be provided in the e-snaps columns provided. If additional rows are needed, please use the "Other Attachments" screen of the project applicant profile to attach additional documentation.

1. Department/Local Agency Name and Address. Enter the name and address, city, State, and zip code of the government agency making the assistance available.

2. Type of Assistance: (e.g., loan, grant, loan insurance, tax credits).

How to Complete the HUD Form 2880 in e-snaps

3. Amount Requested/Provided: Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).

4. Expected Uses of the Funds: Each reportable use of funds must clearly identify the purpose to which they are to be put. Reasonable aggregations may be used, such as "total structure" to include a number of structural costs, such as roof, elevators, exterior masonry, etc.

Part III. Interested Parties

This Part is to be completed by both project applicants and recipients filing update reports. Project applicants must provide information on:

1. all developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity; and
2. any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

Note: A financial interest means any financial involvement in the project or activity including, but not limited to, situations in which an individual or entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided:

1. Enter the full names and addresses. If the person is an entity, the listing must include the full name and address of the entity as well as the CEO. Please list all names alphabetically.
2. Entry of the Social Security Number (SSN) or Employee Identification Number (EIN), as appropriate, for each person listed is optional.
3. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).
4. Enter the financial interest in the project or activity for each person listed. The interest must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

Note that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF-424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required. Recipients must submit an update report for any change in previously disclosed sources and uses of funds as provided in Section I.D.5., above.
