

If 'Yes', describe based on ESG rule 576.400 (limit 1000 characters)

The CoC has only established the data infrastructure for a Central Intake and Assessment System (CIAS) centered on the HMIS. All agencies use uniform HUD Intake, Mid-Term and Exit Assessment forms which are required for CoC, ESG, SAMHSA and HOPWA client records. The community also has a 211 system that is fully populated with homeless services and prevention information. However, these systems are not integrated and communication is purely accomplished through telephone and email referrals. The HPRP call in eligibility line is no longer operating but will serve as the model for one component of the CAIS for homeless prevention/ESG screening. Nearly 75% of all new literally homeless within the CoC first present at the Day Resource Center for the Homeless where TCHC has centralized the process to establish a unique client record in the HMIS, assign a mandatory appointment for TB screening and issues a temporary photo ID scan card to allow access and recording of services in the emergency shelter community.

Describe how the CoC consults with the ESG jurisdiction(s) to determine how ESG funds are allocated each program year (limit 1000 characters)

The CoC Planning Council prevention committee meets at least quarterly to coordinate with the ESG jurisdictions. During these meetings recommendations regarding how ESG funds would be best allocated are provided. These recommendations are based partially on CoC data collection of last residences reported for clients prior to their current homelessness episode as well as a reporting of zip codes showing the highest eviction rate within our CoC service area for the previous quarter. This information is collected through data reported in the HMIS. An analysis of HPRP data assisted ESG grantees in proportioning programs between short term and medium term rental assistance programs. The CoC also provided information on funding availability and awards by all grantees and the state in assuring that funding decisions were allocated to address many areas of the CoC and subpopulations and household types.

Describe the procedures used to market housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or disability who are least likely to request housing or services in the absence of special outreach (limit 1000 characters)

Housing services, including housing that is in collaboration with mental health providers, shelters, and other service providing agencies, are marketed through various avenues that focus on reaching diverse and minority populations including minority race, religion, age, national origin, and sex. Advertisements are placed in minority publications. Additionally, the continuum participates in annual homeless fairs at various churches from differing religious viewpoints to ensure all communities are aware of service and housing opportunities available. The CoC also participates in housing panels including a workshop sponsored by the Aging and Disability Resource Center which outreaches to low income disabled or elderly individuals. Special outreach is also provided to chronically homeless unsheltered persons through our Street Outreach Services team. These individuals are sought out and made aware of services that are available and may otherwise have not requested housing or services in the absence of this special outreach.

3D. Continuum of Care (CoC) Strategic Planning Coordination

Instructions:

CoCs should be actively involved in creating strategic plans and collaborating within the jurisdiction towards ending homelessness. CoCs should clearly and specifically respond to the following questions as they apply to coordination and implantation within the CoC, planning, review, and updates to the local 10-Year plan that includes incorporating the Federal Strategic Plan, "Opening Doors," and coordination with Emergency Solutions Grants within the CoC jurisdiction.

Has the CoC developed a strategic plan? Yes

Does the CoC coordinate the implementation of a housing and service system that meets the needs of homeless individuals and families? (limit 1000 characters)

The CoC provides year round planning and coordination of services through its Planning Council and organizational system of committees dedicated to housing categories (Unsheltered Outreach, ES, TH, and PH) and subpopulations (Youth, Persons with Disabilities). Interagency barriers, disruptions, and communication gaps are addressed at the time they present. There are multiple on demand case manager conferencing meetings called to address specific client issues and interagency staff conference meetings held quarterly to allow for team building, mentoring and peer to peer networking to increase knowledge of services and opportunities. A searchable master housing inventory is maintained and updated twice a month to provide lists of available affordable housing. The TCHC website is continually maintained with resource information. TCHC provides over 40 hours of professional case manager training and CEUs annually to improve the quality of care. An annual Case Manager Needs Assessment provides constant feedback on barriers and challenges to be addressed within the CoC system.

Describe how the CoC provides information required to complete the Consolidated Plan(s) within the CoC's geographic area (limit 1000 characters)

The CoC, through TCHC, coordinates CoC and Consolidated Plan citizen participation regarding homeless needs priorities by conducted an annual CoC - wide State of the Homeless Address and Public Forum. The forum is conducted in the heart of the emergency shelter area of Fort Worth to encourage consumer participation. Each of the three Consolidated Plan entities, the cities of Fort Worth and Arlington and Tarrant County present prior Action Plan priorities and seek comment at this forum. The CoC provides PIT, HIC and national objective workplans to the jurisdictions. Each jurisdiction provides the CoC with draft copies of Consolidated Plans and ESG RFPs seeking input on priorities and emerging needs. The CoC provides documentation on sub recipient CoC participation through event, training and forum sign in sheets, committee and workgroup minutes, and HMIS participation rates.

Describe how often the CoC and jurisdictional partner(s) review and update the CoC's 10-Year Plan (limit 1000 characters)

The CoC Strategic Plan incorporates the strategies of the City of Fort Worth and Arlington 10 year plan's. In 2012, TCHC, as the CoC lead agency developed a strategic plan and revised mission to lead coordinate and develop strategies and resources to end homelessness that incorporates the individual plans of the major metropolitan areas within the CoC as well as the adjacent rural area of Parker County. The strategic plan includes quarterly dashboard reports measuring progress among its six key components: Organization and Administration, Development and Fundraising, Continuum of Care Planning, HMIS, Performance and Evaluation, Professional Training and Advocacy and Awareness. Progress is reviewed by the CoC Board, the TCHC Executive Committee, the Planning Council, HMIS Committee and Consumer Council. At the TCHC Annual Meeting, the Executive Director details progress and strategic goals for the upcoming year. The Strategic Workplan will be updated in 2013 upon installation of the new CoC Board and inaugural CoC Board Training Retreat.

Specifically describe how the CoC incorporates the Federal Strategic Plan, "Opening Doors" goals in the CoC's jurisdiction(s) (limit 1000 characters)

The CoC aggressively pursued the goal to end chronic homelessness by developing new PSH beds through successful receipt of the annual Permanent Housing Bonus and reallocation of low performing projects for new PSH. The CoC has increased CH beds from 301 in 2007 to 789 in 2012. The CoC is building a system of medical, behavioral, and dental health care to address the chronic health disabilities of homeless to stabilize health and housing stability. The CoC assisted the VA to rapidly assign VASH vouchers and now has 280 in its inventory. The CoC sets a priority in local performance measurement on family success, length of stay, and ending homelessness. The CoC will bring in national resources and TA to improve service delivery. A family homelessness study will be commissioned in 2013 to better design a system of care and make effective delivery of new rapid rehousing programs. The CoC took action to greatly improve its performance and data collection system by expanding and changing its HMIS system in 2011 to provide the needed IT infrastructure to target and measure results of the CoC.

Select the activities in which the CoC coordinates with the local Emergency Solutions Grant(ESG):

Develop standards for evaluating the outcomes of activities assisted by ESG funds, Develop performance standards for activities assisted by ESG funds

Based on the selections above, describe how the CoC coordinates with the local ESG funding (limit 1000 characters)

The CoC HMIS agency provides all training on HMIS data collection and created ESG funder's view HMIS dashboard views to monitor ESG subrecipient performance. TCHC also provided prior ESG and HPRP data analysis to suggest performance standards. Recommendations included mandating HMIS reported mid-term assessments every 30 days to document receipt of case management services and accurately measure changes in income. The CoC recommended reporting requirements for reimbursement requests so that financial accounting assistance records be balanced to the HMIS records of clients served prior to submission to assure accurate reporting at the grantee level to HUD. TCHC provides assistance if ESG subs fall out of reporting compliance.

Does the CoC intend to use HUD funds to serve families with children and youth defined as homeless under other Federal statutes? No

If 'Yes', has the CoC discussed this with the local HUD CPD field office and received approval?

If 'Yes', specifically describe how the funds will be used to prevent homelessness among families with children and youth who are at the highest risk of becoming homeless (limit 1500 characters)

If 'Yes', specifically describe how the funds will be used to assist families with children and youth achieve independent living (limit 1500 characters)

3E. Reallocation

Instructions:

Reallocation is a process whereby a CoC may reallocate funds in whole or in part from renewal projects to create one or more new permanent housing, rapid re-housing, or dedicated HMIS projects. The Reallocation process allows CoCs to fund new permanent housing, rapid re-housing, or dedicated HMIS projects by transferring all or part of funds from existing grants that are eligible for renewal in FY2012 into a new project.

Does the CoC plan to reallocate funds from one or more expiring grant(s) into one or more new permanent housing, rapid re-housing, or dedicated HMIS project(s) or one new SSO specifically designated for a centralized or coordinated assessment system? Yes

3F. Reallocation - Grant(s) Eliminated

CoCs that choose to reallocate funds into new permanent supportive housing, rapid re-housing, or dedicated HMIS project(s) may do so by eliminating one or more of its expiring grants. CoCs that intend to create a new centralized or coordinated assessment system can only eliminate existing SSO project(s).

Amount Available for New Project: (Sum of All Eliminated Projects)				
\$435,734				
Eliminated Project Name	Grant Number Eliminated	Component Type	Annual Renewal Amount	Type of Reallocation
Day Resource Cent...	TX0094B6T011003	SSO	\$105,415	Regular

Arlington Life Sh...	TX0109B6T011003	SSO	\$85,280	Regular
SafeHaven LIFT	TX0100B6T011003	SSO	\$22,231	Regular
TXRS Supportive H...	TX0117B6T011003	TH	\$106,483	Regular

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: Day Resource Center Employment Program
Grant Number of Eliminated Project: TX0094B6T011003
Eliminated Project Component Type: SSO
Eliminated Project Annual Renewal Amount: \$105,415

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: SafeHaven Needs Assessment/Childcare
Grant Number of Eliminated Project: TX0101B6T011003
Eliminated Project Component Type: SSO
Eliminated Project Annual Renewal Amount: \$51,645

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: Arlington Life Shelter Transitional Housing Program
Grant Number of Eliminated Project: TX0110B6T011003
Eliminated Project Component Type: SSO
Eliminated Project Annual Renewal Amount: \$64,680

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: Arlington Life Shelter Employment Program
Grant Number of Eliminated Project: TX0109B6T011003
Eliminated Project Component Type: SSO
Eliminated Project Annual Renewal Amount: \$85,280

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: SafeHaven LIFT
Grant Number of Eliminated Project: TX0100B6T011003
Eliminated Project Component Type: SSO
Eliminated Project Annual Renewal Amount: \$22,231

3F. Reallocation: Details of Grant(s) Eliminated

Complete each of the fields below for each grant that is being eliminated during the FY2011 Reallocation process. CoCs should refer to the final approved FY2011 Grant Inventory Worksheet to ensure all information entered here is accurate.

Eliminated Project Name: TXRS Supportive Housing Program
Grant Number of Eliminated Project: TX0117B6T011003
Eliminated Project Component Type: TH
Eliminated Project Annual Renewal Amount: \$106,483

3G. Reallocation - Grant(s) Reduced

CoCs that choose to reallocate funds into new permanent housing, rapid re-housing, or dedicated HMIS project(s) may do so by reducing the grant amount for one or more of its expiring grants. CoCs that are reducing projects must identify those projects here. CoCs that intend to create a new centralized or coordinated assessment system can only reduce existing SSO project(s).

Amount Available for New Project (Sum of All Reduced Projects)					
\$451,808					
Reduced Project Name	Reduced Grant Number	Annual Renewal Amount	Amount Retained	Amount available for new project	Reallocation Type
2011 Arlington Ho...	TX0090C6T011104	\$165,520	\$138,448	\$27,072	Regular
SPC 1	TX0106C6T011104	\$2,434,232	\$2,258,448	\$175,784	Regular

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: 2011 Arlington Housing SPC 2011
Grant Number of Reduced Project: TX0090C6T011104
Reduced Project Current Annual Renewal Amount: \$165,520
Amount Retained for Project: \$138,448
Amount available for New Project: \$27,072
(This amount will auto-calculate by selecting "Save" button)

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: SPC 1
Grant Number of Reduced Project: TX0106C6T011104
Reduced Project Current Annual Renewal Amount: \$2,434,232
Amount Retained for Project: \$2,258,448
Amount available for New Project: \$175,784
(This amount will auto-calculate by selecting "Save" button)

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: SPC 2
Grant Number of Reduced Project: TX0108C6T011104
Reduced Project Current Annual Renewal Amount: \$2,082,597
Amount Retained for Project: \$1,973,517
Amount available for New Project: \$109,080
(This amount will auto-calculate by selecting "Save" button)

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: TBLA 114 Tarrant County
Grant Number of Reduced Project: TX0113B6T011104
Reduced Project Current Annual Renewal Amount: \$1,369,539
Amount Retained for Project: \$1,288,744
Amount available for New Project: \$80,795
(This amount will auto-calculate by selecting "Save" button)

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: Families Together Program

Grant Number of Reduced Project: TX0095B6T011104

Reduced Project Current Annual Renewal Amount: \$116,118

Amount Retained for Project: \$87,150

Amount available for New Project: \$28,968
(This amount will auto-calculate by selecting "Save" button)

3G. Reallocation: Details of Grant(s) Reduced

Complete each of the fields below for each SHP grant that is being reduced during the FY2012 HHN Reallocation process. CoCs should refer to the final approved FY2012 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: The Salvation Army SIMON

Grant Number of Reduced Project: TX0104B6T011104

Reduced Project Current Annual Renewal Amount: \$328,432

Amount Retained for Project: \$298,323

Amount available for New Project: \$30,109
(This amount will auto-calculate by selecting "Save" button)

3H. Reallocation - Proposed New Project(s)

CoCs that choose to reallocate funds into new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects may do so by reducing the grant amount for one or more of its expiring grants. CoCs must identify if the new project(s) it plans to create and provide requested information for each. Click on the [link](#) to enter information for each of the proposed new reallocated projects.

Sum of All New Reallocated Project Requests
(Must be less than or equal to total amount(s) eliminated and/or reduced)

\$887,542				
Current Priority #	New Project Name	Component Type	Transferred Amount	Reallocation Type
29	YWCA Rapid R...	PH	\$187,224	Regular
30	CEC Rapid Re...	PH	\$156,765	Regular
34	FWHA CHANGE	PH	\$238,799	Regular
35	Rapid Rehous...	PH	\$149,714	Regular
36	CoC Central ...	SSO	\$155,040	Regular

3H. Reallocation: Details of Proposed New Project(s)

Complete each of the fields below for each new reallocated project the CoC is requesting in the FY2012 CoC Competition. CoCs may only reallocate funds to new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects.

2012 Rank (from Project Listing): 29
Proposed New Project Name: YWCA Rapid Rehousing
Component Type: PH
Amount Requested for New Project: \$187,224

3H. Reallocation: Details of Proposed New Project(s)

Complete each of the fields below for each new reallocated project the CoC is requesting in the FY2012 CoC Competition. CoCs may only reallocate funds to new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects.

2012 Rank (from Project Listing): 30
Proposed New Project Name: CEC Rapid Rehousing
Component Type: PH
Amount Requested for New Project: \$156,765

3H. Reallocation: Details of Proposed New Project(s)

Complete each of the fields below for each new reallocated project the CoC is requesting in the FY2012 CoC Competition. CoCs may only reallocate funds to new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects.

2012 Rank (from Project Listing): 34
Proposed New Project Name: FWHA CHANGE
Component Type: PH
Amount Requested for New Project: \$238,799

3H. Reallocation: Details of Proposed New Project(s)

Complete each of the fields below for each new reallocated project the CoC is requesting in the FY2012 CoC Competition. CoCs may only reallocate funds to new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects.

2012 Rank (from Project Listing): 35
Proposed New Project Name: Rapid Rehousing - SafeSolutions
Component Type: PH
Amount Requested for New Project: \$149,714

3H. Reallocation: Details of Proposed New Project(s)

Complete each of the fields below for each new reallocated project the CoC is requesting in the FY2012 CoC Competition. CoCs may only reallocate funds to new permanent housing, rapid re-housing, dedicated HMIS, or SSO projects.

2012 Rank (from Project Listing): 36
Proposed New Project Name: CoC Central Intake
Component Type: SSO
Amount Requested for New Project: \$155,040

3I. Reallocation: Reallocation Balance Summary

Below is a summary of the information entered on forms 3D-3G for CoC reallocated projects. The last field, "remaining reallocation balance" should indicate "0." If there is a balance remaining, this means that more funds are being eliminated or reduced than the new project(s) requested. CoCs cannot create a new reallocated project for an amount that is greater than the total amount of reallocated funds available for new project(s).

Reallocated funds available for new project(s):	\$887,542
Amount requested for new project(s):	\$887,542
Remaining Reallocation Balance:	\$0

4A. Continuum of Care (CoC) FY2011 Achievements

Instructions:

In the FY2011 CoC application, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving individuals and families to permanent housing and self-sufficiency through employment. CoCs will report on their actual accomplishments since FY2011 versus the proposed accomplishments.

In the column labeled FY2011 Proposed Numeric Achievement enter the number of beds, percentage, or number of households that were entered in the FY2011 application for the applicable objective. In the column labeled Actual Numeric Achievement enter the actual number of beds, percentage, or number of households that the CoC reached to date for each objective.

CoCs will also indicate if they submitted an Exhibit 1 (now called CoC Consolidated Application) in FY2011. If a CoC did not submit an Exhibit 1 in FY2011, enter "No" to the question. CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the narrative section.

Additionally, CoCs must indicate if there are any unexecuted grants. The CoC will also indicate how project performance is monitored, how projects are assisted to reach the HUD-established goals, and how poor performing projects are assisted to increase capacity that will result in the CoC reach and maintain HUD goals.

CoCs are to provide information regarding the efforts in the CoC to address average length of time persons remain homeless, the steps to track additional spells of homelessness and describe outreach procedures to engage homeless persons. CoCs will also provide specific steps that are being taken to prevent homelessness with its geography as outlined in the jurisdiction(s) plan.

Finally, if the CoC requested and was approved by HUD to serve persons under other Federal statutes, the CoC will need to describe how the funds were used to prevent homelessness and how the funds were used to assist families with children and youth achieve independent living.

Objective	FY2011 Proposed Numeric Achievement		FY2011 Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless	757	Beds	789	Beds
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%	88	%	86	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%	73	%	80	%
Increase the percentage of homeless persons employed at exit to at least 20%	25	%	28	%
Decrease the number of homeless households with children	274	Households	326	Households

Did the CoC submit an Exhibit 1 application in FY2011? Yes

If the CoC was unable to reach its FY2011 proposed numeric achievement for any of the national objectives, provide a detailed explanation (limit 1500 characters)

The CoC missed the 6 month threshold by 2%. The 88% rate was a proposed sustained rate from the prior year that had a significant jump from 2010. Analysis of the PSH programs detailed that one of the newest programs, HOSO III, was in start up phase where of 41 stayers which made up 95% of program participants had just entered the program creating an outlier statistic of 30% at 6 month or more. Based on a performance of this HOSO program in the current program year, that program has a 84% 6 month or more performance of leavers and stayers which sets a CoC rate at 88% stability rate. The number of homeless households with children is static showing no decrease. Homeless families have the shortest length of stay among all groups, but make up an increased proportionality of homeless. The CoC has responded by reallocating significant funds toward three new rapid rehousing programs, creating 33 new units, by those organizations that have extensive successful work with families, have a strong relationship with school districts, child care and employment readiness programs.

How does the CoC monitor recipients' performance? (limit 750 characters)

The CoC runs a quarterly APR for each program through the HMIS system. A review is conducted with particular attention on the national objective measures. The CoC discusses progress with the program and agency director. During the annual local competition, the CoC produces a Program Scorecard that includes five sections: 1. Program Capacity measuring annual and quarterly PIT rates, 2. Housing Stability rates, 3. Supportive Services measuring employment income, mainstream benefits and no financial resources, 4. HMIS measuring rate of UDE coverage, timely input of client data, and rate of complete client HUD Intake, Mid-Term and Exit Assessments, 5. Organizational Performance measuring meetings and trainings attendance and amount and rate of recaptured dollars.

How does the CoC assist project applicants to reach HUD-established performance goals? (limit 750 characters)

The CoC provides significant monitoring and management of HMIS data to assure that client attainment of new income and benefits are correctly captured. The CoC conducts nearly 100 meetings a year within its planning and committee structure including monthly CEU issued trainings on evidence based practices, tools and resources, and interagency staff conferencing between ES, TH and PSH agencies. The CoC develops an annual calendar of training topics based on the annual Case Manager Needs Assessment Survey conducted each December through Survey Monkey. This survey identifies weaknesses in accessing resources, system flaws, communication and technology needs and emerging trends in clients needs and barriers within the community.

**How does the CoC assist poor performers to increase capacity?
(limit 750 characters)**

TCHC provides an open door policy for all agency staff. Feedback is secured after every training via Survey Monkey to continually provide improvements to service. TCHC has provided direct TA to agencies to sustain compliance with SSVF, ESG and HUD monitoring. TCHC provides one on one training, desktop support, and collaborates at every opportunity to support development and grant writing assistance.

Does the CoC have any unexecuted grants awarded prior to FY2011? No

If 'Yes', list the grants with awarded amount:

Project Awarded	Competition Year the Grant was Awarded	Awarded Amount
N/A	N/A	\$0
	Total	\$0

**What steps has the CoC taken to track the length of time individuals and families remain homeless?
(limit 1000 characters)**

The HMIS lead, TCHC, provides executive director level dashboards within the HMIS to track agency progress on length of stay and other grant and program performance measures requested. Benchmarks have been set to reduce by 10% annually the length of stay in Emergency Shelters. TCHC has generated a list of the top 250 persons with the longest histories of homelessness, as trackable in the HMIS, to serve as a target list for PSH programs. In the 2013 CoC Program Cycle, agencies will receive bonus points for housing persons with five years or more of homelessness. The new HMIS system is fully implemented and the first year of AHAR data clean up in the new system has been complete. This will provide the necessary data backdrop to produce the most accurate benchmark figure of length of stay for each agency in 2013.

**What steps has the CoC taken to track the additional spells of homelessness of individuals and families in the CoC's geography?
(limit 1000 characters)**

The HMIS is the primary tool to measure recidivism. Reporting is complex for families that cycle between domestic violence shelters and other family shelters due to sequestered data. However, the HMIS will add other assessment metrics in the ETO recidivism report to attempt to capture a more accurate rate. The measure must be able to discern between standard cyclical homelessness and true recidivism where a client had exited into a stable housing environment but lost it. The CoC requires agencies to have an adopted eviction prevention plan and process within their programs to prevent loss of housing and repetitions of homelessness.

**What specific outreach procedures has the CoC developed to assist homeless service providers in the outreach efforts to engage homeless individuals and families?
(limit 1500 characters)**

The CoC, through TCHC has developed an extensive website resource of services and contacts for the general public. The Site will be reskinned and redeployed with enhanced features in February 2013. Within its advocacy and awareness plan, TCHC provides speakers bureau, regular news media editorial submissions, television and radio communications and social media outlets to provide community knowledge of resources. TCHC produces and distributes 16,000 pocket pal resource guides annually to law enforcement, hospitals, schools, agencies, churches and service and civic organizations.

**What are the specific steps the CoC has incorporated to prevent homelessness within the CoC geography and how are these steps outlined in the jurisdiction(s) plans?
(limit 1500 characters)**

Homeless prevention program descriptions and contact information is detailed on the TCHC website. Most agencies provide a call in eligibility line to screen households. ESG funds will be increasingly allocated to rapid rehousing and homeless prevention rental and utility assistance over shelter operations. Prevention strategies are centered around expanding cash and non cash benefits for eligible families to retain housing. Justice of the Peace Courts representing the top two eviction frequency areas in Tarrant County refer some families to the county RISP program. CoC TH and PSH agencies must have in place eviction prevention plans to resolve tenant issues and avoid exits into homelessness. Within Parker County, the Center of Hope connects families with assistance from a network of churches. Similarly, Northside Interchurch Agency, First Street United Methodist, Broadway Baptist, and other faith agencies provide critical supplemental services to sustain families. The CoC incorporates the faith community resources among referred services.

Did the CoC exercise its authority and receive approval from HUD to serve families with children and youth defined as homeless under other Federal statutes? No

**If 'Yes', specifically describe how the funds were used to prevent homelessness among families with children and youth who are at the highest risk of becoming homeless
(limit 1500 characters)**

N/A

If 'Yes', specifically describe how the funds were used to assist families with children and youth achieve independent living (limit 1500 characters)

N/A

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD tracks each CoCs progress toward ending chronic homelessness.

CoCs are to track changes from one year to the next in the number of chronically homeless persons as well as the number of beds available for this population. CoCs will complete this section using data reported for the FY2010, FY2011, and FY2012 (if applicable) point-in-time counts as well as the data collected and reported on the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of chronically homeless as reported in that year. For FY2010 and FY2011, this number should match the number indicated on form 2J of the respective years Exhibit 1. For FY2012, this number should match the number entered on the Homeless Data Exchange (HDX). CoCs should include beds designated for this population from all funding sources.

Additionally, CoCs will specifically describe how chronic homeless eligible is determined within the CoC and how the data is collected.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for FY2010, FY2011, and FY2012:

Year	Number of CH Persons	Number of PH beds for the CH
2010	252	558
2011	328	741
2012	328	789

What methods does the CoC used to determine chronic homeless eligibility and how is data collected for this population (limit 1000 characters)

The CoC uses a uniform assessment survey for intake for all agencies within the HMIS system. All clients are issued an HMIS scan card that records all services received by homeless service providers establishing both length of stay and recidivism. The assessments record disability status and history of homelessness. The CoC HMIS agency provides the official documentation of homelessness form the HMIS system. Thought the CoC changed HMIS systems in November 2011, the legacy data system is managed by an IT firm that provides data queries of service reports to document homeless histories of over three years.

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2011 and January 31, 2012:

48

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters)

The number of sheltered chronic homeless was reduced from 290 in 2011 to 187 in 2012. The CoC will not conduct a count of unsheltered homeless until January 2013, therefore the 2012 count of the number of chronic homeless is reported in this CoC application as unchanged for 2012 though it is evident from mobile outreach success in the housing first program that targets the most vulnerable chronic homeless that the unsheltered chronic homeless is anticipated to be reduced in the next PIT.

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2011 and January 31, 2012:

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development					
Operations	\$333,321	\$149,125			
Total	\$333,321	\$149,125	\$0	\$0	\$0

4C. Continuum of Care (CoC) Housing Performance

Instructions:

HUD will assess CoC performance of participants remaining in permanent housing for 6 months or longer. To demonstrate performance, CoCs must use data on all permanent housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data on the most recent APRs submitted by all permanent housing projects within the CoC that should have submitted one. Once amounts have been entered click "Save" which will auto-calculate the percentage. CoCs that do not have CoC-funded permanent housing projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded permanent housing projects currently operating within their CoC that should have submitted an APR.

Does the CoC have any permanent housing projects for which an APR was required to be submitted? Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	330
b. Number of participants who did not leave the project(s)	1234
c. Number of participants who exited after staying 6 months or longer	302
d. Number of participants who did not exit after staying 6 months or longer	1050
e. Number of participants who did not exit and were enrolled for less than 6 months	184
TOTAL PH (%)	86

Instructions:

HUD will assess CoC performance in moving participants from transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data on the most recent APRs submitted by all transitional housing projects within the CoC that should have submitted one. Once amounts have been entered click "Save" which will auto-calculate the percentage. CoCs that do not have CoC-funded transitional housing projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded transitional housing projects currently operating within their CoC that should have submitted an APR.

Does the CoC have any transitional housing projects for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	458
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	366
TOTAL TH (%)	80

4D. Continuum of Care (CoC) Cash Income Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing cash income sources. To demonstrate performance, CoCs must use data on all non-HMIS projects that should have submitted an APR in e-snaps for the most recent operating year. Projects that did not submit an APR on time must also include the data in this calculation.

Complete the table below using cumulative data as reported on the most recent submitted HUD APR in e-snaps for all non-HMIS projects within the CoC that should have submitted one. The CoC will first indicate the total number of exiting adults. Next, enter the total number of adults who exited CoC non-HMIS projects with each source of cash income. Once the total number of exiting adults has been entered, select "Save" and the percentages will auto-calculate. CoCs that do not have any non-HMIS projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded non-HMIS projects currently operating within the CoC that should have submitted an APR.

Total Number of Exiting Adults: 984

Total Number of Exiting Adults

Cash Income Sources (Q25a1.)	Number of Exiting Adults	Exit Percentage (Auto-Calculated)
Earned income	272	28%
Unemployment insurance	68	7%
SSI	157	16%
SSDI	85	9%
Veteran's disability	4	0%
Private disability insurance	0	0%
Worker's compensation	2	0%
TANF or equivalent	329	33%
General assistance	360	37%
Retirement (Social Security)	12	1%
Veteran's pension	3	0%
Pension from former job	2	0%
Child support	69	7%
Alimony (Spousal support)	9	1%
Other source	23	2%
No sources (from Q25a2.)	476	48%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? Yes

4E. Continuum of Care (CoC) Non-Cash Benefits

Instructions:

HUD will assess CoC performance in assisting program participants with accessing non-cash benefit sources to improve economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS that should have submitted an APR in e-snaps for the most recent operating year. Projects that did not submit an APR on time must also include the data in this calculation.

Complete the table below using cumulative data from the most recent submitted HUD APR in e-snaps for all non-HMIS projects within the CoC that should have submitted one. The CoC will first indicate the total number of exiting adults. Next, enter the total number of adults who exited CoC non-HMIS projects with each source of non-cash benefits. Once the total number of exiting adults has been entered, select "Save" and the percentages will auto-calculate. CoCs that do not have any non-HMIS projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded non-HMIS projects currently operating within the CoC that should have submitted an APR.

Total Number of Exiting Adults: 984

Total Number of Exiting Adults:

Non-Cash Benefit Sources (Q26a1.)	Number of Exiting Adults	Exit Percentage (Auto-Calculated)
Supplemental nutritional assistance program	554	56%
MEDICAID health insurance	443	45%
MEDICARE health insurance	21	2%
State children's health insurance	29	3%
WIC	123	13%
VA medical services	4	0%
TANF child care services	90	9%
TANF transportation services	0	0%
Other TANF-funded services	18	2%
Temporary rental assistance	1	0%
Section 8, public housing, rental assistance	127	13%
Other source	28	3%
No sources (from Q26a2.)	430	44%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? Yes

4F. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on the Energy Star Initiative go to: www.energystar.gov .

A "Section 3 business concern" is one in which: 51% or more of the owners are Section 3 residents of the area of services; or at least 30% of its permanent full-time employees are currently Section 3 residents of the area of services; or within three years of their date of hire with the business concern were Section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The Section 3 clause can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? No

If 'Yes' to above question, click save to provide activities

If yes, are the projects requesting \$200,000 or more?

4G. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs:

The CoC coordinates documentation and submission of each APR through the lead agency TCHC. TCHC pulls quarterly APR reports for CoC agencies to gauge accuracy of HMIS reporting, data quality, and comparison of CoC goals within the key performance objectives. TCHC staff provides direct technical assistance on the 15th and 60th day after each grant term expiration to review data quality and confirm performance with specific attention to leaver data achievements. TCHC confirms final APR data prior to submission to HUD. Employment income, mainstream benefit income, and housing placements are used to score in the local competition. TCHC also conducts an annual Case Manager Needs Assessment Survey to all CoC case managers inclusive of evaluating knowledge, skills and barriers to achieving income, housing and services for thier clients.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If 'Yes', indicate all meeting dates in the past 12 months:

The Planning Council met January 18, February 15, March 21, April 18, May 16, June 20, July 18, August 15, September 19, October 17, November 14, December 12.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If 'Yes', identify these staff members: Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff? Yes

If 'Yes', specify the frequency of the training: semi-annually (twice a year)

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? No

If 'Yes', indicate for which mainstream programs HMIS completes screening:

Has the CoC participated in SOAR training? Yes

If 'Yes', indicate training date(s):

TCHC members attended the Texas Homeless Network sponsored SOAR training on. TCHC pushes out SOAR/SAMHSA web-based trainings through its membership listserv and offers performance points for attendance within its local CoC. 2012 webinar dates included: January 25, April 18, May 30, and November 28.

4H. Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
<p>1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:</p> <p>Each client is referred to Texas Health and Human Services for mainstream non-cash benefits such as SNAP. Depending on the skill and level of functioning of a client, the case manager may refer the client, may assist the client with completing the application, may accompany the client to the benefits office, or assist the client with a phone interview. For clients who want to apply for SSI or SSDI, the case manager may either help the client complete the application or review it, and help the client understand the process. The case manager reviews all letters of communication from the Social Security Administration with the client, helping the client understand the process and any next steps.</p>	100%
<p>2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs:</p>	100%
<p>3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:</p> <p>Clients are directed, with the assistance by Case Managers, to establish a log in account to utilize the Texas Health and Human Services centralized benefits website to apply in one place for SNAP food benefits, Medicaid Health Care benefits, TANF Cash help for families, Medicare savings programs and Long-term care.</p>	100%
<p>4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received: 4a. Describe the follow-up process:</p> <p>Case Managers use the HMIS system automated appointment system to set a suspense file reminder for follow up regarding applications. The case manager assists the client with any phone calls or other follow up communication in the application process. If necessary, the client will also refer the client to an organization, including, but not limited to, Disability Help, Inc., to assist with an appeals process. Many clients presenting with mental health disabilities will access MHMR Project Link services for detailed assistance with the application process and documentation of disability. If a client is awarded SNAP, SSI, SSDI, or any other income, the case manager instructs them on the Go Direct process and records income changes in both the client's paper case file and in HMIS.</p>	100%

4I. Unified Funding Agency

Instructions

CoCs that were approved for UFA designation during the FY2011 CoC Registration process must complete all of the questions below in full.

Is the collaborative applicant able to apply to HUD for funding for all of the projects within the geographic area and enter into a grant agreement with HUD for the entire geographic area?

Is the collaborative applicant able to enter into legal binding agreements with subrecipients and receive and distribute funds to subrecipients for all projects with the geographic area?

**What experience does the CoC have with managing federal funding, excluding HMIS experience?
(limit 1500 characters)**

Indicate the financial management system that has been established by the UFA applicant to ensure grant funds are executed timely with subrecipients, spent appropriately, and draws are monitored. (limit 1500 characters)

Indicate the process for monitoring subrecipients to ensure compliance with HUD regulations and the NOFA. (limit 1500 characters)

**What is the CoC's process for issuing concerns and/or findings to HUD-funded projects?
(limit 1500 characters)**

**Specifically describe the process the CoC will use to obtain approval for any proposed grant agreement amendments prior to submitting the request for amendment to HUD.
(limit 1500 characters)**

Certification of Consistency with the Consolidated Plan

U.S. Department of Housing
and Urban Development

I certify that the proposed activities/projects in the application are consistent with the jurisdiction's current, approved Consolidated Plan.
(Type or clearly print the following information:)

Applicant Name: Tarrant County

Project Name: Tenant Based Rental Assistance 114

Location of the Project: 1509B South University Drive, Suite 276
Fort Worth, Texas 76107

Name of the Federal Program to which the applicant is applying: U. S. Department of Housing and Urban Development

Name of Certifying Jurisdiction: Tarrant County

Certifying Official of the Jurisdiction Name: Patricia Ward

Title: Director, Tarrant County Community Development

Signature: 

Date: 1-3-2013

Certification of Consistency with the Consolidated Plan

U.S. Department of Housing
and Urban Development

I certify that the proposed activities/projects in the application are consistent with the jurisdiction's current, approved Consolidated Plan.
(Type or clearly print the following information:)

Applicant Name: Cornerstone Assistance Network

Project Name: 3CP

Location of the Project: 3500 Noble
Fort Worth, Texas 76111

Name of the Federal Program to which the applicant is applying: U. S. Department of Housing and Urban Development

Name of Certifying Jurisdiction: Tarrant County

Certifying Official of the Jurisdiction Name: Patricia Ward

Title: Director, Tarrant County Community Development

Signature:  _____

Date: 1-3-2013

Certification of Consistency with the Consolidated Plan
