

Frequently Asked Questions about Count Night

Q: What is a Point-in-time Homeless Count?

A: Point-in-time Homeless Counts (aka, “PIT Count”) are large scale, community efforts to locate, count, and survey everyone who is experiencing homelessness at a point in time—Count Night. The Tarrant County Homeless Coalition (TCHC) coordinates Count Night for Tarrant and Parker Counties on the last Thursday of January.

Q: Why count?

A: Annual counts help us understand the changing trends, extent, and nature of homelessness in our community. The data is also used to measure the progress we are making in ending homelessness. Homeless counts take place across the United States during the last 10 days of January to provide the nation with comparative and longitudinal information on the nature and extent of homelessness. It is easiest to locate people who are homeless when it is cold, late at night, and at the end of the month when people may be out of money.

Q: When is the count?

A: Thursday, January 23, 2020 from 7:00pm – Midnight. Volunteers must be available for the entire period—check-in, training, deployment. TCHC anticipates that most routes can be counted within 2-4 hours.

Q: Who can volunteer?

A: Teams of 3 – 5 adults, age 18 and older. For safety, teams will stay together and conduct the count as a group, using ONE vehicle. This is an excellent project for congregations, community groups, and neighborhood associations; unfortunately, we are not able to accommodate volunteers younger than 18. We require teams of at least 3 people because this allows two people to conduct the survey and one person to stay aware of the surroundings; up to 5 people because we highly suggest riding together in one vehicle to the different areas on the map.

Many counting routes involve a good deal of walking through parks, vacant lots, and alongside roadways and trails, so wear comfortable shoes that you don’t mind getting dirty.

Note: Individual volunteers (without a team) may register to participate in the Fort Worth count only, and team assignments will be made on Count Night upon arrival.

Q: Can someone under the age of 18 volunteer if they are accompanied by a legal guardian?

A: No. Unfortunately, each person needs be 18 or older to volunteer for the count.

Q: I've never done this before. What exactly will we do?

A: Volunteers will gather at 7pm to receive training and their route assignment at one of four designated deployment locations in Fort Worth, Arlington, NE Tarrant County, or Weatherford. Volunteers will drive

themselves to their assigned geography, canvas that area, and conduct the count. Volunteers will then return to the deployment location to report their findings.

While exploring an assigned route, volunteers will be needed to drive, navigate, record areas that have been canvassed. When interviewing people who are homeless, volunteers record answers to survey questions, hold flashlights to provide lighting, and monitoring the group's location and surroundings.

Q: What should we bring to count night?

A: Your team will need:

- a reliable vehicle, gassed up and ready to go
- at least two smartphones, 100% charged and ready to go
- volunteers dressed for outdoor walking (close toed or tennis shoes – you might walk through mud!) and weather appropriate outer wear (bright colored jacket or reflective gear)
- at least two flashlights and fresh batteries
- Optional: bottled water, socks, gloves, chap stick, hand warmers, granola bars or other nonperishable snacks to share with people you encounter.

Q: What happens in the event of really bad weather?

A: It is unlikely that the count will be called off due to inclement weather. If ice or lightening are present, check your email, TCHC social media, or the TCHC website for updates.

Q: Who will be counted?

A: Persons who will be counted are individuals and members of families that are considered homeless on the day of the count, based on the definition of homelessness provided by the U.S. Department of Housing and Urban Development (HUD). HUD provides communities with guidance on the definition of homeless:

A person is considered homeless when they reside in places not meant for human habitation such as cars, parks, sidewalks, and abandoned buildings. A person is also considered homeless if they reside in an emergency shelter, a domestic violence shelter, a shelter for runaway or homeless youth, or a transitional housing program, having arrived from off the streets or from an emergency shelter.

The count of the sheltered homeless, those residing in emergency shelters and in transitional housing programs will be taken from the Homeless Management Information System (HMIS), databases and other electronic client data collection tools used by homeless service providers.

Q: When will the results of the Homeless Count be reported?

A: Results of the homeless count will be shared with the public in March 2020.

Q: I need to provide documentation to my employer/school showing that I volunteered at this event. Where can I get this documentation?

A: We will provide you with signed documentation once you return to the staging location after completing your route.

Q: What time do I need to arrive?

A: If you are volunteering in Greater Fort Worth, check-in begins at 7:00pm and training will begin at 8:00pm. Be sure to allow enough time to check-in, find your team, and pick up your packet before

training starts. Arlington, NE Tarrant and Parker County specific details will be sent in an email prior to the event.

Q: How will I know where to go once I get to the staging location?

A: TCHC will send specific details before the event to make sure you get to the correct location at the right time. Volunteers will guide you to check-in tables and the training room once you arrive.

Q: I am unable to count. Is there another way I can help?

A: Absolutely! You can visit our website and scroll to the bottom to give to TCHC and support the community response to homelessness. You can also sign up for our community newsletters on our website and volunteer at our other events!
